We are Redefined Electronics

Redefined Electronics Pvt Ltd, established in 2018 and ISO 9001:2015 certified, is dedicated to bridging the quality gap in electronic components through advanced semiconductor solutions and AI-driven innovations. We pride ourselves on delivering high-quality, reliable products using cutting-edge technology, supported by robust material management and strong relationships with customers and vendors. By continually pushing the boundaries of technology and quality, we have established ourselves as a trusted partner for top-tier electronic components. With backing from global investors, we also offer flexible credit terms, empowering our customers for long-term growth and success.

Our Vision

Our vision is to shape the future of innovation, sustainability, and growth. As a leading player of electronic manufacturing solutions and a trusted global partner in electronic component sourcing, we are committed to delivering unparalleled value. Our focus is on empowering our customers through cutting-edge technology, fostering long-term partnerships, and driving success across diverse markets.

Our Locations

JAFZA, Dubai

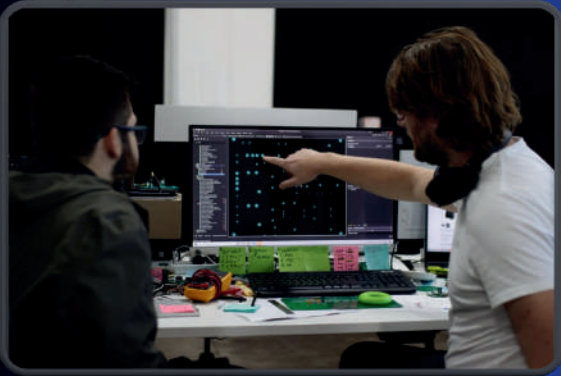

Warehouse and Office

Kowloon, Hong Kong

Warehouse and Distribution

Shenzhen , China

Testing center

Mannheim, Germany

Sales office, Associate

New-Delhi, India

Head Office

Our Dealing Brands

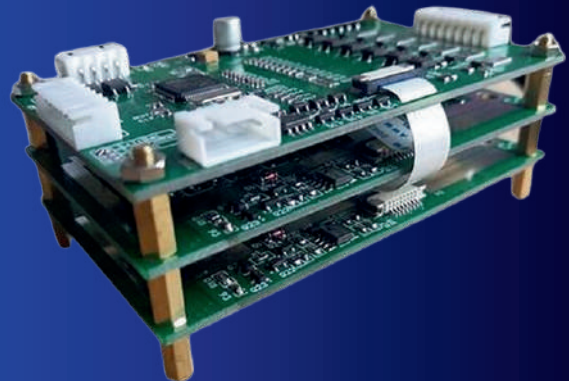

Product Range

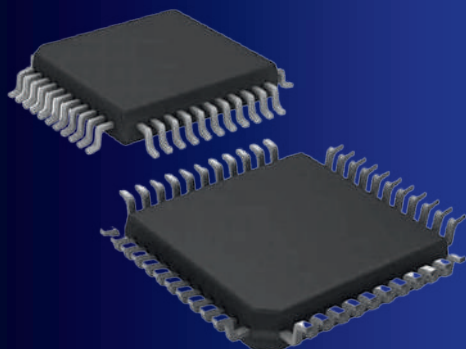

Discrete Semiconductor

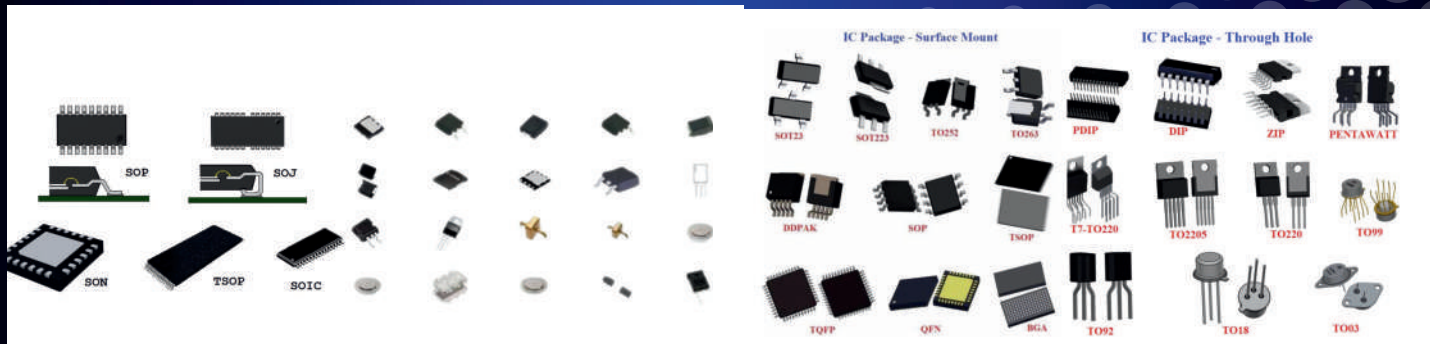

Embedded Processor & Controller

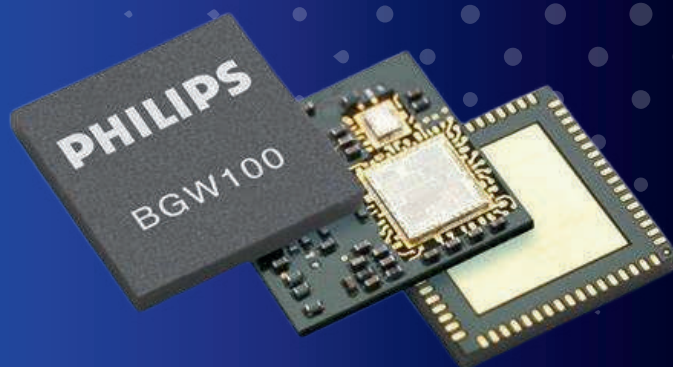

Memory ICs

Integrated Circuit - ICs

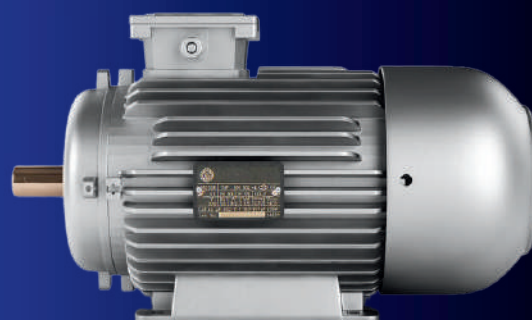

Wireless and RF Semiconductor

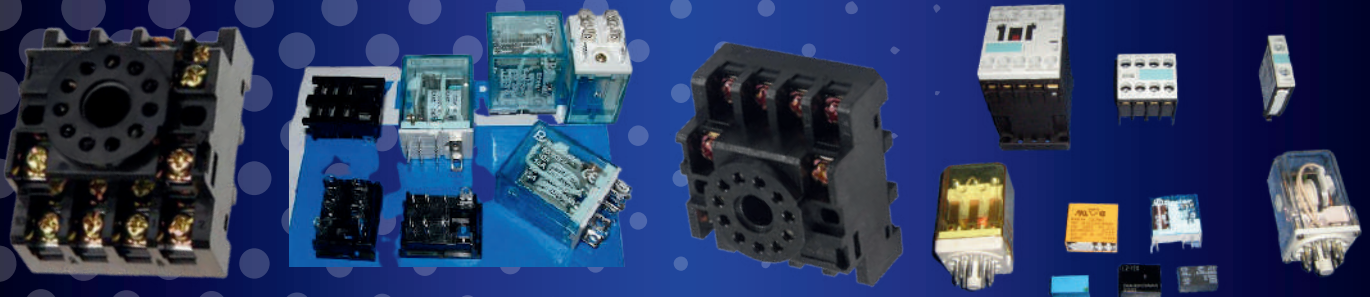

Contactors

Induction Motor

Relay And Base

HMI

Power Supply

Cooling Fans and Blowers

PLC Module

Load Cell

Current Transducers

Connectors

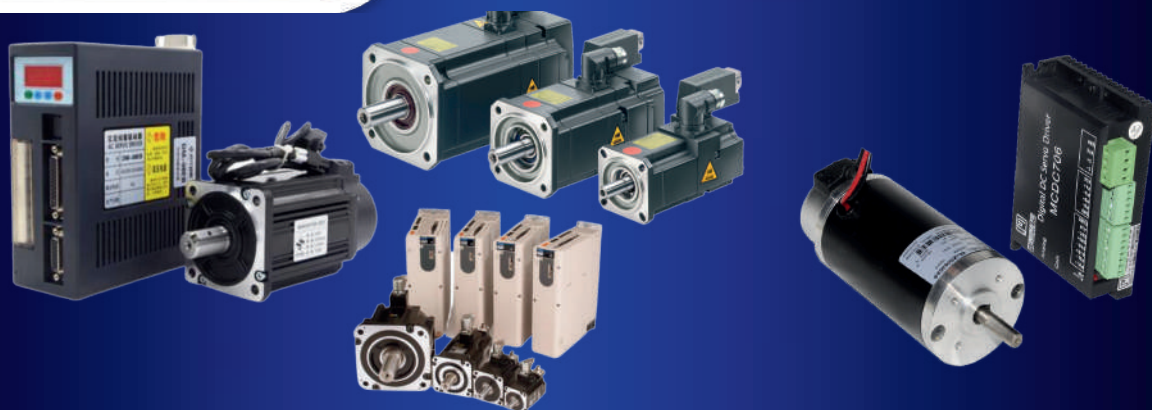

Passive Components

IGBT Modules

Servo Motor & Drive

Encoders

Controllers

MCB, MCCB, RCB

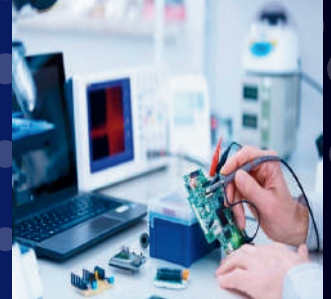

Sensors

Quality

We deliver the quality that build customer confidence. Quality reduces maintenance, return, post sales support and that's how we define product success.

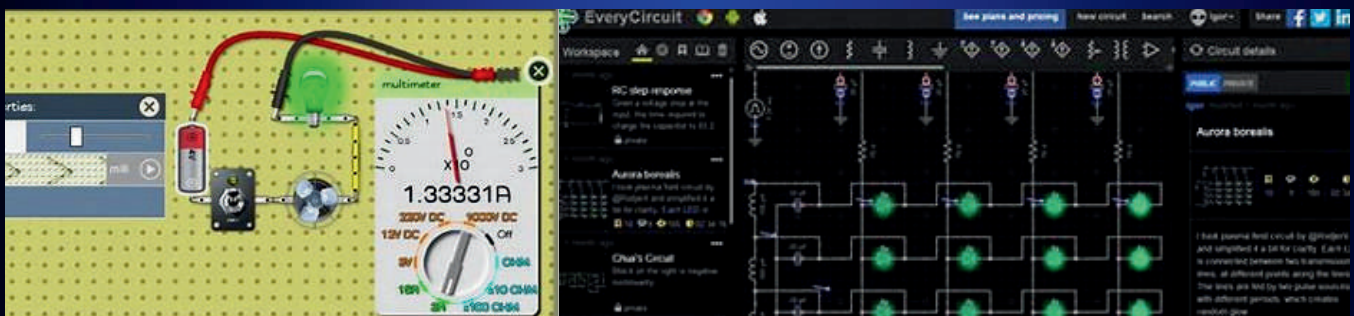

- ➔ Documentation and Packaging Inspection.
- ➔ Scanning Electron Microscopy (SEM).
- ➔ Scanning Accoustic Microscopy (SAM).
- ➔ External Visual Inspection
- ➔ Decapsulation
- ➔ Solderability Testing
- ➔ Electrical Testing
- ➔ Functional Test
- ➔ DC/AC functionality.

Research & Development

At Redefined Electronics, our R&D team is driven by a passion for innovation and a deep understanding of our customer's needs. We specialize in crafting bespoke engineering solutions that not only meet but exceed your project goals, ensuring optimal performance and cost efficiency.

- Obsolete Part Substitution
- Technical Specification Report
- Simulation Demonstration
- Microcontroller Testing
- Replacement Demonstration

INDUSTRIES SERVED

- ▶▶ Aviation
- ▶▶ Defence
- ▶▶ Medical Device Assembly
- ▶▶ Robotics
- ▶▶ Electronics Manufacturing
- ▶▶ Printing
- ▶▶ Plastics
- ▶▶ Metalworking
- ▶▶ Automation
- ▶▶ Food & Beverage
- ▶▶ Oil and Gas
